REMOTE REPORT

Michelle @ School

After five weeks of home learning, we were excited to learn that we will likely move to Level 2 on the 13th May and that all children can return to school on the 18th May. There will be some rules around this that we need to follow and these will include keeping up with good hygiene practises and being aware of distances children are from each other. We will provide more information in next week's newsletter.

A notice came out earlier today asking you to let us know if your child will **not be returning** to school at Level 2. Please do this via email or text. This will help teachers with their planning for the weeks ahead.

There will be four more days of learning at home next week and teachers will return to school on Friday to prepare for the remainder of the term which finishes on the 3rd of July. Remember we only expect you to do what works for you and your family. Zooms in the morning are a great way to connect with the class. While it is helpful if your child can attend Zooms during the day, it may be that it works best for you to have them completing work on Seesaw or Google Classroom for the remainder of the morning.

If your child is returning to school due to parent's work commitments please be aware that we need **48 hrs notice** to plan for a child's return under Level 3 guidelines.

A big thank you to our parents for your continued support this week. We know it is a challenging time and that our children would not be continuing to make progress and managing as well without your guidance and help along the way.

A big shout out to all our Mosston mums and grandmas this Mother's Day. Enjoy your special day 😊.
