Well here we are at the end of another week of distance learning. I really hope there are not too many more weeks of this and that Level 2 is on the way. I miss seeing the children each day and having to postpone and reschedule activities is disappointing. I have provided an update of these in this newsletter

I want to once again thank you for all you have done to support your children whether this be getting them on to zooms, onto Seesaw or Google Classroom or complete work in the hard packs. You have been amazing!!

I want to also thank the teaching and support staff for their continuation of programmes and getting them underway so quickly. Staff are managing their own families and your children's learning and they have been fantastic. We took the responses from the feedback at the end of lock down last year, made some tweaks and I feel this year it has been very successful. The first three days gave you a chance to connect as a family while we got things underway and then we have allowed you to choose how much you do to suit your family's situations. There has been a big variety in the activity levels of the students with some children attending all zooms and submitting while others doing what they can and that is perfectly okay 😊.

We are not just about learning, so if we can support your family in any other way please let me know.

I will be in touch again after Monday's announcement. Enjoy the sun!

Take care and stay safe

Michelle (mwatson@mosston.school.nz)

Lockdown can be crazy sometimes!
